TO WHOM IT MAY CONCERN

REFERENCE: ANNE MILES

I met Anne Miles in a professional capacity as my marketer. Anne is a highly professional and awarded marketer who also is highly intuitive. Her intuition helped guide me professionally and I came to value and trust her guidance.

Over time I realised Anne's mediumship talents separate to her marketing and engaged her for readings to guide me on divorce proceedings and related matters. Anne's accuracy has proven flawless over time, consistently. If she sees something for me in a reading, I know it to be truth now.

I can verify that my ex-husband has a history of violence and currently is under an AVO. I personally have very real dangers impacting me daily, to the point that I no longer feel safe in my own home and live in temporary accommodation. With Anne's work touching on the activities of criminals in my network, it is without question a real threat to Anne's safety also.

These circumstances can seem far-fetched to people who do not have these kinds of people in their network. Crime at high levels of violence do exist, even in Melbourne Australia, and we are not being hypervigilant in this situation.

Anne has helped me embrace my own spiritual talents with her spiritual school *The Art of Alchemy*, and I use these skills now to validate truth for myself. I often confer with Anne's findings and currently have no doubt she is under genuine threat.

In my experience Anne is a very clean living, rule and law-abiding citizen who speaks up for what is right and wrong. She is highly motivated by truth, honesty and integrity and have no qualms in being a character reference for Anne.

Should you wish to talk further about Anne's mediumship and character please feel free to contact me on 0439 258 056.

Sincerely
